Knoxville Utilities Board
Electric Division

# ELECTRIC VEHICLE CHARGING POWER RATE
Schedule EVC

## Availability

This rate shall exclusively apply to separately metered charging stations for electric vehicles where the charging station's demand is greater than 50 kW but not more than 5,000 kW.

All customers participating under this rate schedule shall agree to a full requirements service from KUB. In addition, customers must agree that the sole use of the electric service is for the purpose of charging electric vehicles used for transportation purposes only.

## Character of Service

Alternating current, single- or three-phase, 60 hertz. Power shall be delivered at a transmission voltage of 161 kV or, if such transmission voltage is not available, at the highest voltage available in the vicinity, unless at the customer's request a lower standard voltage is agreed upon.

## Rates

| | | |
|---|---|---|
| Customer Charge: | $107.00 per delivery point per month | |
| Monthly Energy Charge: | Onpeak | $0.34293 per kWh for all metered onpeak kWh |
| | Offpeak | $0.21739 per kWh for all metered offpeak kWh |

## Adjustment

Charges under this rate schedule may be increased or decreased to reflect changes in purchased power costs as determined by any purchased power adjustment adopted by the Board. Rates shown above are inclusive of the Purchased Power Adjustment for the current month.

## Determination of Seasonal Periods

Summer Period shall mean the June, July, August, and September billing months. Winter Period shall mean the December, January, February, and March billing months. Transition Period shall mean the April, May, October, and November billing months. The Seasonal Periods under this rate schedule are subject to change by KUB. In the event KUB determines that changed Seasonal Periods are appropriate, such decision shall be made at least 11 months prior to the effective date of such changed periods, and KUB shall promptly notify customer.

## Determination of Onpeak and Offpeak Hours

Except for Saturdays, Sundays, November 1, and the weekdays that are observed as Federal holidays for New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day, onpeak hours for each day shall for purposes of this rate schedule be from 2 p.m. to 8 p.m. during the months of April, May, June, July, August, September and October and from 5 a.m. to 11 a.m. during the months of January, February, March, November, and December. For all other hours of each day and all hours of such excepted days shall be offpeak hours. Such times shall be EST or EDT, whichever is then in effect. Said onpeak and offpeak hours are subject to change by KUB. In the event KUB determines that such changed onpeak and offpeak hours are appropriate, such decision shall be made at least 11 months prior to the effective date of such changed hours, and KUB shall promptly notify customer.

## Minimum Bill

The base customer charge constitutes the minimum monthly bill for all customers served under this rate schedule except those customers for which a higher minimum monthly bill is required under KUB's standard policy because of special circumstances affecting the cost of rendering service.

## Contract Requirement

At its sole discretion, KUB may require contracts for service provided under this rate schedule and such contracts shall be for an initial term of at least 90 days. The customer shall contract for its maximum requirements, which shall not exceed the amount of power capable of being used by customer, and KUB shall not be obligated to supply power in greater amount at any time than the customer's currently effective contract demand. The customer is prohibited from using any power other than that supplied by KUB under this rate schedule. All other power sources are prohibited. The contract may include other special provisions. The rate schedule in any power contract shall be subject to adjustment, modification, change, or replacement from time to time as approved by the Board.

After having received service for at least 90 days under this rate schedule, the customer, subject to 90 days prior written notice and appropriate amendments in its power contract with KUB, may receive service under the General Power Time-Of-Use Rate - Schedule GSA TOU. In such case the term of the power contract shall remain the same and the contract demand for service under the General Power Time-Of-Use Rate - Schedule GSA TOU shall not be less than the contract demand in effect when service was taken under this rate schedule.

## Single-Point Delivery

The charges under this rate schedule are based upon the supply of service through a single delivery and metering point, and at a single voltage. If service is supplied to the same customer through more than one point of delivery or at different voltages, the supply of service at each delivery and metering point and at each different voltage shall be separately metered and billed.

## Rules and Regulations

Service is subject to Rules and Regulations of KUB.
Resolution No. 1493 - Effective April 1, 2026
Purchased Power Adjustment (1.062 cents per onpeak kWh, 0.597 cents per offpeak kWh) – Effective October 1, 2026
